Skills

As a dedicated and accomplished student at my high school days, I have maintained a streak of Academic Excellence since grade 7, demonstrating a strong academic record and a passion for learning. In addition, I have gained valuable programming experience over the past 5 months, with proficiency in Java, Javascript, Python, HTML, and CSS. I have completed several programming projects that showcase my ability to work independently. My technical skills are complemented by my excellent problem-solving abilities, creativity, and attention to detail. As a driven and enthusiastic programmer, I am eager to apply my skills and knowledge to contribute to a dynamic and innovative team.
